

FERNALD COMMUNITY

PLAN: *What's your Big Idea?*

HELP US MAKE FERNALD A PRIORITY IN WALTHAM

*Since acquiring the site in 2014, many buildings on the site have become ruins. The 190 acre property, once home to the Western Hemisphere's largest developmental disability hospital, used to have 2,600 residents. Today it sits vacant and dilapidated. **With 4 months until the election- let's come together and share our Big Ideas for what the Fernald could be.***

WHY NOW?

Despite efforts from the community, very little has been done to maintain the Fernald.

We have an opportunity to change that.

With the current election in full swing, the candidates are listening and we want to make sure they have a plan for Fernald before taking office. *Share your voice and submit a Big Idea today!*

CALL FOR ACTION:

What's your Big Idea for the Fernald site?

We are asking that you or your organization **submit a 1-page Big Idea for what you would like to see happen on the site.**

All ideas are welcome.

Think big!

For directions on how to submit your Big Idea click *here* or email info@fernaldworkinggroup.com for a copy.
